Mr. Weisberg-

Included are various clippings. Although I don't know if you have any interest in the Robert Kennedy murder, I have included clippings dealing with it. One articles pertains to a visit Oswald made to the FBI office several days prior to President Kennedy's murder. I also have copied an article about Richard Popkin that appeared in the Village Voice.

There are three magazine out now dealing in one way or another with the JFK murder. One is a special issue of the Tattler dated September 1975. The headline reads: KENNEDY MURDER SOLVED! The Saturday Evening Post has an article that gives a brief resume of general facts and personalities (you are included). That is also the September issue. The October issue of Gallery (a truckdriver's version of Playboy) has an article by Col. Fletcher Prouty entitled THE POWER CONSPIRACY THAT KILLED JFK AND NOW CONTROLS THE GOVERNMENT These articles were too long and the size of the page too large to be copied. I am sure you can find them if you look for them and if you are interested. You might want to look at them even if there isn't (cover)

much to be learned from them.

Best wishes,

Robert Bruce
